## INSTRUCTIONS FOR SCHEDULE VERB

**Purpose of Schedule**—This schedule is to be used by taxpayers subject to the taxes under KRS 141.020 or KRS 141.040 to claim a credit for expenditures made for a qualifying voluntary environmental remediation property.

The Environmental and Public Protection Cabinet has determined that (1) the responsible parties are financially unable to carry out the obligations in KRS 224.01-400 and KRS 224.01-405; and (2) the property was acquired after March 8, 2005. The credit is for real property. Expenditures may carry over multiple tax periods and are submitted for certification upon completion of the project. Schedule VERB-S must be submitted to the Kentucky Department of Revenue listing all expenditures and attached invoices.

The credit is on a dollar-per-dollar basis up to a maximum \$150,000 in approved expenditures. The amount of the allowable credit for any taxable year is limited to 25 percent of the maximum credit approved (Part I, Line 2). The credit may be carried forward 10 years. The credit may first be claimed on the income tax return of the taxpayer filed for the taxable year that the credit was certified.

**General Instructions**—If the entity type is not listed, check the “Other” box and list the entity type.

**Identification Number**—For an individual, list the Social Security number; a general partnership, list the FEIN.

### Part II Instructions
